`tfrmrbuilder`*Run tfrmrbuilder Shiny App*

Description

Run tfrmrbuilder Shiny App

Usage

```
tfrmrbuilder(tfrmrb = NULL, data = NULL, mockmode = TRUE, run = TRUE)
```

Arguments

<code>tfrmrb</code>	tfrmrb object to be loaded into app from R session. Defaults to NULL
<code>data</code>	data frame to be loaded into app from R session. Defaults to NULL
<code>mockmode</code>	Whether to initialize the app in mock mode. Defaults to TRUE
<code>run</code>	Boolean for whether the created object should be run directly. Set to FALSE for deployment

Value

Shiny app for creating and modifying tfrmrb objects

Examples

```
if (interactive()){  
  tfrmrbuilder()  
}
```

Index

tfrmtdbuilder, 2
